More than apps.

>>> Learn to program
>>> Empower yourself
>>>   Start (now)

Programming has given me the chance to live in a bunch of exciting places, work in several different fields, and rub shoulders with some of the brightest minds in the whole world!

Now it's your turn. I aim to grow a local program that gets you interested and excited about how YOU can get computers to do USEFUL things. Tell me if you're interested and why. Let's talk.
